What is Acting: Grades 5-8 12:30pm 10-18 students per class 100 min class.

This class focuses on beginning acting skills, how to project your voice, learning to convey your emotions. Learn basic stage direction. Most of this is learned through games and skits during the class. You will also be able to show off some of your new skills by performing a skit, monologue (and even a play or two), for your family and friends.

**Each student will have the chance to audition for the summer play, on
May 28, 2019 "Willie Wonka and the Chocolate Factory JR."**

Each student will work with others in their class.

In Class we will learn basic Theatre, play games to help learn what is taught that day, learn how to listen and observe what is going on around us through the games and fun times we will have.

Each student will do 2 Monologues

Each student will be involved in at least one Skit

Each student will be involved in a Play:

Rehearsals for play will be 1 hour on Saturdays, after class starting in March.

Monologues, skits, and the play are short ones. We will have 1 or 2 plays that the children can choose to do.

Any student wanting or needing help for classes or play, just need to ask for help. We will also need some parents to help backstage as well and sometimes with the class.

Our First workshop was in August and the children loved it. Playing games to reinforce the subjects helped them to learn more. In fact they wanted to play these game over and over again. That is how much fun they had. So, I do know that the kids will love this class and we will all have a lot of fun!!!

For Registration come into ACT between 2-5pm and pick up form.
